Commercial Access Fees Increase in January

With the approval of the 2025 KICA budget in December, our board of directors increased the cost of daily passes and annual access decals. The new rates below will go into effect on Jan. 1, 2025. Commercial customers who use daily passes will see the increase immediately while annual decal holders will see the increase in the month of renewal. If you have an annual decal, you will receive an automatic notification via email the month your decal is scheduled to expire. In 2025, KICA will institute a trailer decal for annual and fleet customers who use trailers regularly.
